

Enrollment and Financial Information

Detailed information about our Texas students and how we as a state support them.

TEXAS PUBLIC SCHOOL ENROLLMENT

As the state's population grows, Texas public school enrollment is projected to continue to grow. Enrollment in 2017 was 5.4 million students, and demographic trends suggest this growth will continue.

STUDENT POPULATIONS IN THE STATE OF TEXAS

Enrollment in Texas public schools is projected to continue to grow. Enrollment in 2017 was 5.4 million students, and demographic trends suggest this growth will continue.
