TEXAS EDUCATION AGENCY
2020-2021 CYCLICAL MONITORING REPORT
THREE RIVERS INDEPENDENT SCHOOL DISTRICT

CDN: 149902	
Non-Compliance Identified	Corrective Actions To Be Completed

INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to Three Rivers Independent School District for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), Significant Disproportionality (SD), and dyslexia program evaluation r

DATA SUMMARY

The majority of participants felt the training to help meet students' needs with disabilities was effective.

Seventy-one percent of participants felt there were frequent opportunities to collaborate with related service providers and fifteen percent felt there was not frequent opportunities to collaborate

	collaborative admission, review and dismissal (ARD) committee processes that lead to a free appropriate public education (FAPE) for students with disabilities.
d. Tiered Interventions using Evidence-Based Research	d. Tiered Interventions using Evidence-Based Research: The network strives to increase LEA and ESC capacity to develop and implement an effective, integrated, comprehensive framework for intervention that is grounded in differentiated instruction and aligns the systems that are fundamental for all students' academic, behavioral, and social achievement.

FINDINGS OF NONCOMPLIANCE

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Three Rivers Independent School District will receive formal notification of noncompliance in addition to this report.***

The TEA Department of Review and Support will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Ascend Texas.

The LEA must submit the CAP in Ascend within 30 school days from the date of this report and/or formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.
