D. TEA Program Assurances Regarding Education and Training Supports (must be included in MOUs)

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.
 - a. The LEA assures that all LEA high schools participate in a TEA-led virtual workshop in Summer 2024. All Education and Training teacher stipend recipients, principals, counselors, and LEA grant managers must attend. Participants who attended any previous Grow Your Own Summer Institutes must still attend.
 - b. The LEA assures that each Education and Training teacher stipend recipient will pilot the TEA Education and Training curriculum. If they are using a dual credit or different high-quality curriculum, the LEA must provide the corresponding scope and sequence(s) and/or evidence of course offerings.
 - c. The LEA assures that each Education and Training teacher stipend recipient will receive TEA implementation supports and coaching by participating in

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment: Describe the plan to recruit Education and Training teachers and field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

Alvarado ISD (AISD) struggles to recruit high-quality educators due to larger surrounding school districts that provide a larger base pay. AISD offers a small-town culture, smaller teacher-to-student ratio classrooms, and administrative supports to assist with planning instruction and student behaviors. AISD promotes job opportunities on the AISD Website, at ESC11, Indeed and/or another social media platforms. AISD has been able to recruit our own high school graduates for various positions or after they have received their certification. It is a strong desire of AISD to grown their own educators, promoting the program at the Junior High and High School levels. The GYO grant would assist with stipends, curriculum, and supplies over-and-beyond what the district's budget can currently do to promote and recruit. At this time of financial concerns within the district, the stipend would assist with compensating our salary base pay to recruit a high-quality CTE educator, with a master's degree, to successful grow the E&T pathway.

2. Program Implementation Support: Describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives of the program.

Alvarado ISD (AISD) would ensure that the E&T educator receives the GYO grant stipend, receives support and coverage to attend all state required E&T curriculum training, and is provided with a conference period long enough to plan, collaborate with other educators and recruit addition scholars for continued growth of the program. Administrators at the high school will monitor and coach the E&T educator, as needed, for successful implementation of all indicators within the program to ensure compliance.
