## 2024-2026 Grow Your Own High School Education and Training

### Program Description PS3013 - Program Plan

#### D. TEA Program Assurances Regarding Education and Training Supports (must be included in MOUs)

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- a. The LEA assures that all LEA high schools participate in a TEA-led virtual workshop in Summer 2024. All Education and Training teacher stipend recipients, principals, counselors, and LEA grant managers must attend. Participants who attended any previous Grow Your Own Summer Institutes must still attend.
- b. The LEA assures that each Education and Training teacher stipend recipient will pilot the

## 2024-2026 Grow Your Own High School Education and Training

### Program Description PS3014 - Program Narrative

#### D. Performance and Evaluation Measures

1. Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies.

The CTE office will continue to monitor enrollment in all Education & Training courses, as well as monitor students who are CTE concentrators, completers, and those who become fully certified with their Educational Aide certification. Another measure that will be used will be the number of students who compete and advance within the designated CTSO for that campus (either TAFE or FCCLA). As our cohorts continue to graduate, we will be able to monitor the effectiveness of our program placing due to the number of students who become fully certified educators and are hired as a full-time teacher.

#### E. Budget Narrative

1. Describe how the proposed budget will meet the needs and goals of the program, including for staffing, supplies and materials, contracts, travel, etc. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs. This question has been broken into two sections. Please enter "NA" for the second section if the additional space is not needed. Outline the proposed budget and amounts for funding the grant program through the following allowable uses: a. Education and Training stipend(s) disbursed over the two-year grant timeline and no earlier than Fall 2024 b. Education and Training field site teacher stipend(s) disbursed within the first, second, or both years of the grant timeline (specify accordingly) and no earlier than Fall 2024

Due to the additional training and extra duties required to maintain, promote, and increase targeted program implementation, these funds will be dispersed to provide a \$2500 stipend per year (for two consecutive years - Fall 2024 & Fall 2025) totaling \$5000 per teacher, which will be available for up to two teachers per high school campus (5 high school campuses - 10 teachers total). Any additional needs for this program will be budgeted accordingly in comparison to our other CTE programs including program supplies, CTSO competition travel, and any other transportation costs needed. Due to no other CTE program receiving a comparable stipend, these funds will be used as supplemental due to the nature of this program.

2. c. Implementation costs, limited to: i. Student transportation to and from E&T field sites for Instructional Practices and/or Practicum courses ii. CTSO event/conference participation, membership fees, and travel costs iii. Substitute coverage for teachers to participate in implementation supports and CTSO activities d. Additional funding for high schools: i. Without existing E&T courses in the 2023-2024 school year, or ii. Implementing dual credit E&T courses beginning in the 2024-2025 school year
