Senate Bill 175, passed by the 81<sup>st</sup> Texas Legislature, allows The University of Texas at Austin first-time resident undergraduate students.

The University has determined that it will automatically admit all eligible summer/fall 2022 and spring 2023 freshman applicants who rank within the **top six percent (6%)** of their high school graduating classes, with remaining spaces to be filled through holistic review. This remains unchanged since the last school year. A letter from University President *ad interim* Jay Hartzell is attached to this correspondence.

This information should be shared with all high school junior-level students and their parents. WBT/11 Tf1 0 0
