The Texas Education Agency encourages highly qualified educators to apply to participate in educator committees for the Texas Assessment Program. Click the link or scan the QR code for more information.

Test Materials ..... 6

For each STAAR administration, a district's initial shipment will include printed test materials for each student who is eligible and registered for a paper administration of a STAAR assessment. It is important that test materials be distributed to test administrators in time for them to prepare for

will be provided in Nemeth Code within UEB context. The braille test booklets have single-sided pages with single spacing of braille lines.

- x STAAR Regular-Print Test Booklet: A corresponding regular-print test booklet is provided for the test administrator's use in cases such as when a student is approved for an oral administration or an enlarged photocopy is needed for a large-print administration.
- x STAAR Braille Secure Test Instruction One subject-specific set of braille secure test instructions is provided to help a test administrator understand and meet the needs of a student taking a braille assessment.
- x STAAR Braille Reference Material: Applicable braille reference materials for mathematics and science are provided as separate documents.
- x Braille Rulers: Applicable braille rulers are provided.
- x Braille Graph Paper: Braille graph paper for mathematics is provided as a separate document.

Students with a visual impairment may need to test in a separate setting in cases where their methods of response might distract other students. In addition, any student who responds verbally must receive an individual administration, which is an accessibility feature. Refer to Individual Test Administration on the [Accessibility Features](#) page of the Coordinator Resources for more information.

A student may have a visual impairment that requires the use of two types of

- x If the mathematics assessment

The dotted underline indicates that the test administrator may provide the corresponding accommodation located in the

The parts of the test question that have been accommodated with content and language supports will not be marked in the braille test booklet; they will be marked only in the embedded supports test booklet. Students should be made aware that they can ask for clarification of words or concepts and that the test administrator may be able to provide support. For each question, test administrators may provide support only for words or phrases that appear in the accommodation tables.

used in conjunction with the braille test booklet, it may be necessary to view the embedded supports test booklet and the STAAR Paper with Embedded Supports Secure Test Instructions to assist with preparing materials for the administration.

administrators of any manipulatives (e.g., braille ruler, three-dimensional geometric figure) that a student will need in order to complete the assessment.

- x This section includes general and specific information about the braille assessment that should be read to the students (e.g., whether special symbols or standard braille codes are used on the assessment). Any information that is on the Transcriber's Notes page in the braille test booklet is also provided in this section. For students who are eligible to receive content and language supports and are taking a braille version of STAAR, district testing personnel should submit an order for materials using the paper administration section in TIDE. Please contact Texas Testing Support at (833) 601-8821 or [TexasTestingSupport@cambiumassessment.com](mailto:TexasTestingSupport@cambiumassessment.com) for questions about ordering these materials.
