3.8 Calendar

Charter schools are not subject to the 75,600 minutes, requirement. However, state funding is reduced in proportion to the number of days by which a charter school's calendar falls below 75,600 (including intermissions and recesses) minutes. To receive full funding, a charter school must offer 75,600 minutes (including intermissions and recesses), minus any minutes waived by the TEA in writing, just as a school district is required to. Also, if a charter school elects to have a calendar that includes fewer than 75,600 minutes with planned staff development days factored in (for example, 175 school days (73,500 minutes))

2015–2016 Student Attendance Accounting Handbook: Section 3 Change Document

Change Revision	2014–2015	2015–2016
	<p>3.8.2.1 Makeup Days</p> <p>Your district must build 2 “makeup days” for school closures into its adopted school calendar. If your district closes school on a scheduled school day, your district uses the makeup days to ensure that the minimum number of school days are provided. If the dates for the designated makeup days have already passed when schools close on a scheduled school day, schools are still required to make up at least two of the scheduled school days lost before an application for a missed school day waiver may be submitted.</p> <p>On a makeup day designated to replace a scheduled school day lost, the attendance for all students who are present will be counted on that day for funding purposes if all other legal requirements are met. The makeup day must be at least 7 hours in length, including intermissions and recesses.</p> <p>While the TEA does not prohibit a district from scheduling a makeup day on a day such as a weekend day or national holiday, the TEA strongly discourages scheduling a makeup day on this type of day, because attendance is likely to be low. The TEA encourages districts to select practical makeup days (that is, to select makeup days that do not fall on the weekend or on national holidays), as the agency does not grant waivers for low attendance on a makeup day. The TEA also encourages school districts to carefully consider local circumstances in selecting makeup days. For instance, if your school district has been affected for the last several school years by ice storms that occur in January or February, your district may wish to consider scheduling its makeup days later in the school year.</p> <p>The TEA will not grant a request to have an early-release day on a makeup day.</p>	<p>3.8.2.1 Makeup Days</p> <p>Your district or charter school must adopt a school calendar with at least 75,600 minutes of instruction (including intermissions and recesses). Your district or charter school should make sure that the adopted calendar includes additional minutes to account for bad weather or other missed school days related to health and safety concerns.</p> <p>HB 2610 requires school districts and charter schools to meet 75,600 minutes of instruction (including intermissions and recesses) in order to receive FSP funding. If your district or charter school closes school on a scheduled school day, your district or charter school should have enough minutes built into its adopted calendar to make-up for any missed minutes or your district’s or charter school’s FSP funding may be reduced proportionately.</p> <p>A school district or charter school may add additional minutes to its school calendar to reach the required 75,600 minutes of instruction (including intermissions and recesses). While the TEA does not prohibit a district or charter school from scheduling additional minutes on a weekend day or a national holiday, the TEA strongly discourages scheduling any additional minutes on this type of day because attendance is likely to be low. The TEA encourages districts and charter schools to select practical days that do not fall on the weekend or on national holidays, as the agency does not grant waivers for low attendance on a makeup day. The TEA also encourages school districts and charter schools to carefully consider local circumstances when adopting their calendars and when selecting days to add additional minutes to. For instance, if your school district or charter school has been affected for the last several school years by ice storms in January or February, your district may wish to consider adopting a calendar that includes aoptit40t</p>
