

RF Monitoring Workgroup - Session 3

April 29-30, 2015

General Feedback

Any other thoughts on RF Monitoring

Think we've shared all our thoughts. We will be supportive of any system created. It's all about the students!!

RF Monitoring as a distinct system is critical. A single system of monitoring for all IDEA-students will not adequately protect RF students.

Process of improving District contact and collaboration over information/records is a separate issue needing attention outside of monitoring system.

Should bring up in transition meeting how to consider RF/foster kids needs for TJ 0 Tc 0 Tw 36.42 0 To

Very structured and
