

TReX Enhancement Release v 3.8 Changes and New Features

TEA plans to release version 3.8 of TReX, on Sunday, December 4th . This version is a maintenance release that supports new reporting requirements as well as providing enhancements requested from the user community.

PLEASE NOTE: TReX version 3.8 is backwardly compatible with v 3.7. Any XML file that can be upload ed today will still upload correctly under the new release.

However, in order to take advantage of some new features, including new data elements, codes or edits, the extract program that generates the XML files will need to reference the new TReX schema, version 1.6.
